2018 Lost Fishing Gear Recovery Project: Call for Working Watermen Assistance

Applications Accepted Until January 12, 2018

The North Carolina Coastal Federation currently is accepting applications for “on-water” cleanup assistance relating to its annual Lost Fishing Gear Recovery Project. This project is open to commercial watermen in North Carolina.

Watermen are selected to participate in this program annually to help the Federation and N.C. Marine Patrol remove lost fishing gear from coastal waters during the “no-potting” period, from Jan. 15 - Feb. 7. In January 2017, commercial watermen in partnership with Marine Patrol officers removed 4,303 pots from select areas in Districts 1, 2, and 3. The 2018 project will take place in select areas within all three Marine Patrol Districts statewide. This project is funded by the North Carolina state legislature and the NOAA Marine Debris Program and is intended to improve habitat and water quality, as well as support coastal economies.

Compensation is \$400 per boat per day; a captain and mate is required. Captain refers to the individual who is in charge of the vessel, as a merchant mariner credential is not required for this project. To be considered, captains must have a valid North Carolina standard commercial fishing license (SCFL). A copy of the license must be submitted with this application. While there are no eligibility requirements for crewmen, priority will be given to applicants whose crew also have a SCFL. All crewmen will be held to the same violation criteria (listed below) as boat captains.

This project requires applicants to adhere to the following conditions:

1. Agree to guarantee availability for work from January 18 through February 7, 2018.
2. Complete a minimum of three (3) working days (dependent on region), following the hours of 8 a.m. – 3 p.m.
3. Use an electronic data collection tablet (provided) to document recovered gear. In appropriate areas, applicants will be required to use side-scan sonar to search for submerged, non-visible gear.
4. Attend a mandatory training session to learn use of project equipment and protocol.

Selection Process

All applicants will be screened for their violation history by N.C. Marine Patrol and will not be eligible to participate in the project if they have had any significant violations.

The Federation anticipates requiring assistance from near 30, two-man boat crews, but reserves the right to accept fewer participants if circumstances warrant. If more boats are available than are needed for a particular project area/timeframe, watermen will be selected via random selection based on the project and location requested. Preference will be given to those captains with the greatest number of fishing days on the water,

measured by trip tickets. Equipment installed on an applicant's boat that may be of use to the retrieval effort (e.g., pot puller, pot rack) also will increase competitiveness of the application, as pot collection efficiency likely will be higher.

Application Process

When submitting your application, please read the directions and criteria carefully.

By submitting an application for this lost fishing gear recovery project, you are agreeing to the conditions put in place by the North Carolina Coastal Federation and N.C. Marine Patrol. If you are selected to assist with the project, you will be acting solely as an independent contractor and not as an employee of the State of North Carolina or the North Carolina Coastal Federation. The aforementioned groups are not liable for any incidents or accidents that occur as a result of this work. Project managers and/or Marine Patrol officers will be on-water and should be granted permission to board your boat at any time to ensure the work is being completed as outlined.

Please fill the form out completely before faxing, hand carrying, scanning and emailing, or mailing it to the North Carolina Coastal Federation's Wanchese office. Please return forms as soon as possible; positions are filled on a first-come, first-served basis.

When submitting your application please include copies of:

1. Your North Carolina Standard Commercial Fishing License (SCFL)
2. Merchant Mariner Credential (if applicable)

Send all completed forms to:

North Carolina Coastal Federation
ATTN: Sara Hallas

Lost Fishing Gear Recovery Project Application Form

Please read the form carefully and fill it out completely before submitting.

I wish to be considered for the following locations (select two):

District 1

- Currituck Sound
- Albemarle Sound
- Alligator River/Bulls Bay/East Lake
- Kitty Hawk Bay/Buzzard Bay/Southern Currituck Sound
- Croatan Sound
- Roanoke Sound
- Oregon Inlet
- East Pamlico Sound: Hatteras, Ocracoke
- Pamlico Sound/Stumpy Point Bay
- Pamlico Sound/Juniper Bay/Northeast Swan Quarter Bay
- Other

District 2

- Cedar Island (Cedar Island Bay, Long Bay, West Bay)
- Pamlico and Pungo Rivers
- Core Sound and Jarrett Bay
- Neuse River to Hwy 17 Bridge (including Adams Creek, South River)
- Bogue Sound
- Back Sound, North River
- Newport River
- Other

District 3

- White Oak River
- New River
- Stump Sound
- Upper Cape Fear River
- Lower Cape Fear River
- Other

CAPTAIN NAME (FIRST AND LAST)		DATE OF BIRTH	
SOCIAL SECURITY NUMBER		COMMERCIAL FISHING LICENSE NUMBER	
MAILING ADDRESS		CITY	STATE ZIP CODE
HOME PHONE NUMBER	CELL PHONE NUMBER	EMAIL ADDRESS (IF APPLICABLE)	
VESSEL NAME	VESSEL LENGTH	VESSEL EQUIPMENT *	
VESSEL POWER **	HOME PORT	RESIDENT COUNTY	
PLEASE INDICATE WHAT DATES YOU ARE UNAVAILABLE FOR WORK BETWEEN JANUARY 16 – FEBRUARY 7, 2018			

*This could include pot pullers, pot racks, etc. ** Gas/diesel, inboard/outboard

Can you send and receive text messages on your cell phone? YES_____ NO_____

I will adhere to all applicable fishing rules and those practices outlined in the project orientation. I also acknowledge that the North Carolina Coastal Federation and the N.C. Marine Patrol/Division of Marine Fisheries are not liable for any accidents, injuries or property damage incurred in the performance of this work.
