

## Ocean Friendly Establishment Restaurant Agreement

By signing below, I acknowledge that I am an owner or designated signee of the listed establishment and **agree the establishment will only serve straws upon request. This agreement covers single-use disposable straws made of plastic, biodegradable, and/or compostable materials.** I understand this is an effort to protect the environment by reducing single-use disposable products and plastic pollution.

I accept the Ocean Friendly Establishment certification as given by Plastic Ocean Project, INC, NC Aquariums & Jennette's Pier and North Carolina Coastal Federation. I also agree to be listed as an Ocean Friendly Establishment on the websites and social media pages of these organizations.

I understand that volunteers may follow up with me, either by email or by visiting the establishment, to offer support for my ongoing commitment as being "ocean friendly". I have been informed that I may request volunteers to provide brief educational presentations for my staff and me.

I understand that if non-compliance with this agreement becomes a consistent and long-term pattern, OFE representatives reserve the right to remove my establishment from their websites and social media pages.
