

Slowing Down Stormwater

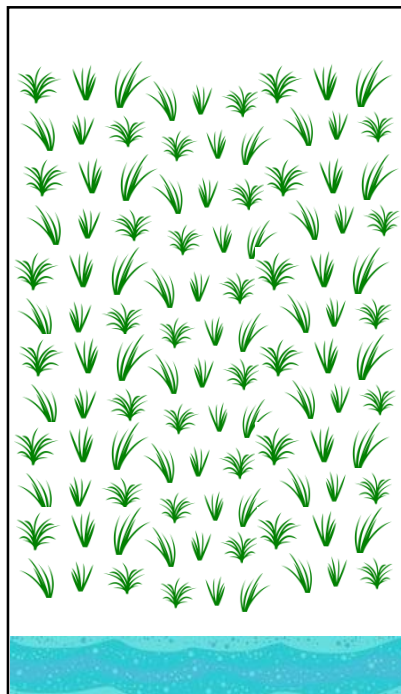

1. Look at the three mazes below. Which one will take the longest to complete?

Complete each simple maze below by drawing a line that connects the water drop to the stream without touching any lines or objects in the maze. Measure how much time it takes to complete each maze using a stopwatch.

Pavement

Time: _____sec

Grass

Time: _____sec

Rain Garden

Time: _____sec

2. Which path was fastest? _____

3. Which path was slowest? _____

4. How do plants affect the flow of water?

5. List 2 examples of ways to reduce polluted stormwater runoff:
