

Action Plan for Nature-based Stormwater Strategies: March 3, 2021 Press Conference

Speaker Line Up

Yaron Miller is an Officer with The Pew Charitable Trusts' flood-prepared communities initiative. He leads the state policy and campaigns portfolio, overseeing the development and implementation of policy campaigns to help states and communities mitigate flood risk and reduce recovery costs. ymiller@pewtrusts.org, Washington, D.C.

Todd Miller is founder and Executive Director of the North Carolina Coastal Federation, a member-supported nonprofit organization committed to protecting and restoring the North Carolina coast. He has worked on several fronts to advance effective stormwater management techniques such as nature-based stormwater strategies and related low-impact development. toddm@nccoast.org, Ocean.

Brian Kramer was hired as the first Town Manager of Pine Knoll Shores in 2007 following a 23- year career in the U.S. Marine Corps. Brian led development of the Town's Watershed Restoration Plan and is working diligently with partners to implement the plan using nature-based stormwater strategies that replicate the natural hydrology and capacity of the land to soak in the rain. manager@townofpks.com, Pine Knoll Shores.

John Preyer is the co-founder and chief operating officer of Restoration Systems. He oversees all company operations including land acquisition, site design and construction, as well as serving on the senior management team responsible for all financials. Before founding Restoration Systems, he served as legislative director for U.S. Senator Lauch Faircloth of North Carolina. jpreyer@restorationsystems.com, Raleigh.
